---

**Eric,**

I thought this mtg would be postponed..., & subsequently scheduled a Furlough Day for Fri 1/29..., so Fri won't work for me. I could move some mtgs around I have on Thurs 1/28, so I could be available Thurs.

**Kurt,**

Welcome back! Are you available Thurs 1/28 to meet with EPA?

Jim

**Subject:** Meeting on Portland Harbor ARARs - DEQ and EPA

Jim and Lori, we had discussed having a meeting between EPA and DEQ to discuss ARARs - in particular the question of how MCLs apply to groundwater at the Portland Harbor Site. During our Doane Lake meeting we talked about having this discussion on either January 28th or 29th. These dates were somewhat up in the air because of a Portland Harbor-Duwamish Coordination meeting. However, the Coordination meeting is now scheduled for February 22nd, thus January 28th and 29th are freed up.

Obviously, it is critical that both Lori and Kurt Burkholder participate in this meeting. Checking Lori's calendar, it appears that there are some openings on those two days.  
Jim, can you check in with Kurt regarding his availability on the 28th and 29th of January?

Thanks, Eric
